**4. SERVICE CONNECTION AND MAINTENANCE CHARGES**

**4.1. GENERAL**

Local exchange service is subject to nonrecurring service charges that apply to customer requests for connecting, moving or changing service. These charges are in addition to any other scheduled rates and charges that would normally apply under this Tariff.

Charges for the connection, move, or change of service will apply for work being performed during the Company's normal business hours. If the customer requests that overtime labor be performed at a premises on the day or days of the week other than normal work hours or on holidays, or interrupts work once has it begun, an additional charge may apply based upon the additional cost involved.

All changes in location of the customer's service from one premises to another, except as otherwise provided in this Section, are treated as new service connections with the appropriate Service Charges applying.

**4.2. SERVICE CONNECTION AND LINE ACTIVATION CHARGES**

**4.2.1. DESCRIPTION OF CHARGES**

A Service Connection Charge or Line Activation Charge applies when a customer requests establishment of new service. The requirement to install certain facilities or equipment, or the presence of such facilities or equipment, will determine whether the Service Connection Charge or the Line Activation Charge will apply.

- A. The Service Connection Charge applies per occurrence for the initial or subsequent installation of facilities and equipment, and to any change of location of such facilities and equipment. This charge will be waived for the initial installation of any Network Interface Unit(s) at the customer's premises.
- B. The Primary Line Activation Charge applies per occurrence where existing facilities and equipment (with sufficient capacity to meet the activation requirement) are available. Where existing facilities are not available, a Service Connection Charge applies in lieu of the Primary Line Activation Charge.
- C. The Line Restoration Charge will apply on each line to be restored after disconnection for non-payment of charges.
- D. The Service Dispatch Charge will apply for any subsequent request to add or modify facilities after initial installation.
