

4. SERVICE CONNECTION AND MAINTENANCE CHARGES

4.1. GENERAL

Local Exchange Service is subject to nonrecurring service charges that apply to customer requests for connecting, moving or changing service. These charges are in addition to any other scheduled rates and charges that would normally apply under this Tariff.

Charges for the connection, move, or change of service will apply for work being performed during the Company's normal business hours. If the customer requests that overtime labor be performed at a premises on the day or days of the week other than normal work hours or on holidays, or interrupts work once has it begun, an additional charge may apply based upon the additional cost involved.

All changes in location of the customer's service from one premises to another, except as otherwise provided in this Section, are treated as new service connections with the appropriate Service Charges applying.

4.2. INSTALLATION CHARGES

4.2.1. DESCRIPTION OF CHARGES

- B. The Service Activation Charge applies per occurrence. This charge includes office activities associated with the establishment of an account.
- C. The Reconnect Charge will apply on each line to be restored after disconnection for non-payment of charges.
