4.1. SCHOOLS AND LIBRARIES NETWORK SERVICE

4.1.1. NETWORK SERVICE FOR E-RATE ELIGIBLE INSTITUTIONS

A. General

1. Schools and Libraries Network Service is a high-speed data service that uses point to point T1 circuits for the interconnection of Local Area networks (LANs) across the Customer's physical locations. The service delivers connections between Customer locations at a T1 (1.5 Mbps) level. In some locations, a Channelized T1 service option (described in 4.1.3, following) may be available.
2. Service availability is subject to the availability of Type I (on-net) facilities, as defined below. The Company shall not be required to provide Type II (off-net) facility arrangements, as defined below; provided, however, that in the event the Company chooses to provide Type II arrangements, additional charges shall apply.
 - a. Type I Facilities – Type I facilities are provided where both endpoints of a connection are served by the Company's network (or the network of its affiliates).
 - b. Type II Facilities – Type II facilities are provided where at least one endpoint of a connection is served by the Company's network and the other end-point is served by an entity other than the Company. Such facilities are provided via a combination of the Company's facilities and those of the interconnecting entity. The Company may apply a service charge or mark-up to the rates charged to the Company by the interconnected entity.
3. Schools and Libraries Network Service is exclusively available to primary and secondary educational institutions, corresponding municipal libraries and other "e-rate eligible" institutions. Visit: <http://www.sl.universalservice.org> for e-rate eligibility criteria.
4. Schools and Libraries Network Service is not available for resale.
5. The terms and conditions set forth in this Section 4 are in addition to the terms and conditions found in the General Regulations section of this Service Guide.

4.1.2. POINT-TO-POINT SERVICE

A. Service Description

Point-to-Point Schools and Libraries Network Service permits the Customer to connect their physically distributed locations as if they were on the same Local Area Network (LAN). This service is provided between designated Customer locations within a metropolitan area.

B. Rate and Charge Description

1. Nonrecurring Charges

- a. Facilities and equipment of a type and/or quantity necessary to provide Schools and Libraries Network service are not available on a ubiquitous basis in the Company's service area(s). To limit the real potential for stranded investment, nonrecurring costs will be developed on a case-by-case basis in response to a bona fide request from a customer or prospective customer to develop a competitive bid for service. Charges will be offered to the customer in writing and on a nondiscriminatory basis.
- b. Repair and maintenance of service shall be provided on a time and materials basis.

2. Recurring Rates

- a. Schools and Libraries Network service is offered for the contractual periods and at the rates specified below. Requests for different service configurations, alternative speeds, or for a term not specified in this Service Guide will be considered on a Special Assembly basis.
- b. A termination liability applies to accounts terminated prior to the fulfillment of the initial contract period. The termination liability shall be equal to the monthly rates applicable for the remaining months of the initial period plus outstanding nonrecurring charges (if any).
