11. LOCAL INTERCONNECTION SERVICE

11.1. LOCAL INTERCONNECTION SERVICE

11.1.1. GENERAL

- A. Subject to the terms set forth in Section 11.1.4, following, purpose of this Tariff is to provide an overview of Local Interconnection Service (“LIS”) and the terms and conditions under which LIS is offered by the applicable Comcast entity. (C)
|
(C)
- B. Facilities and equipment of a type and/or quantity necessary to provide LIS are not available on a ubiquitous basis in the Company’s service area(s). To limit the real potential for stranded investment, recurring and nonrecurring costs will be developed on a case-by-case basis in response to a bona fide request from a Customer or prospective Customer to develop a competitive bid for service. Charges will be offered to the Customer in writing and on a nondiscriminatory basis, based on the services that the Customer requests. (C)
- C. Upon receipt of a bona fide request for LIS from a Customer, the Company will negotiate in good faith with the Customer to enter into an agreement that effectuates the terms and conditions set forth in this Tariff.

* * *
- D. The Customer must comply with all applicable FCC regulations governing the provision of interconnected Voice over Internet Protocol (“VoIP”) service, as defined in 47 C.F.R. § 9.3, and all other applicable laws and regulatory requirements. (C)
|
(C)

* * *
- E. The terms and conditions set forth in this Section 11.1 are in addition to the terms and conditions found in the General Regulations section of this Tariff. (C)

11. LOCAL INTERCONNECTION SERVICE

11.1. LOCAL INTERCONNECTION SERVICE (CONT'D)

11.1.2. DEFINITIONS

- A. "Company" means the applicable affiliate of Comcast Corporation that is a Competitive Local Exchange Carrier (CLEC) certificated by the applicable state regulatory commission to offer telecommunications services in the state in which the Customer requests LIS. (C)
- B. "Customer" means the provider of retail interconnected VoIP service that purchases LIS from the Company.
- C. "Subscriber" means the customer of the Customer. (C)

11.1.3. DESCRIPTION OF SERVICE

- A. LIS provides for the transport and origination of a Customer's traffic to and from third-party telecommunications carriers on the public switched telephone network (PSTN), and related services described herein. In this arrangement, the Company serves as a carrier "partner" as described by the FCC in, among other places, FCC No. 07-188, *Telephone Number Requirements for IP-Enabled Services Providers* (Nov. 8, 2007). The Customer's facilities must consist of an IP-based, broadband network. (C)
- B. The Company will accept and deliver voice traffic in time division multiplex ("TDM") protocol. The Customer shall, at its sole cost, be responsible for providing and maintaining applicable equipment, software, and facilities necessary for the Customer to provide interconnected VoIP service to its Subscribers. (C)
- C. LIS is available to Customers where suitable facilities exist, are technologically available, and are operationally and economically feasible.
- D. LIS provides standard 10-digit telephone numbers and two-way local exchange telecommunications service, including a statewide local calling area, to permit Customers to provide interconnected VoIP service to Subscribers. Subscribers shall be assigned telephone numbers obtained by the Company. (C)
- E. As part of provisioning of LIS, the Company may utilize an affiliate's softswitch or other functionality to originate, terminate and/or transport traffic. In accordance with functions performed by the Company, the Company will bill, collect and retain all inter-carrier compensation from third-party carriers for the origination and termination of traffic. (C)

11. LOCAL INTERCONNECTION SERVICE

11.1. LOCAL INTERCONNECTION SERVICE (CONT'D)

11.1.3. DESCRIPTION OF SERVICE (CONT'D)

- F. Where available in a service territory, LIS may also include support for the provision of E-911 emergency calling capability, telecommunications relay services (711), toll services, and directory listings. Operator services and directory assistance are not included in LIS. LIS does not support calling to 976 or similar exchanges or to calls to the 900 service access code.
- G. The Company will assist the Customer in the provision of standard and nonpublished directory listings. The Company's liability, if any, for its gross negligence or willful misconduct in the provision of Directory Services is not limited by this Tariff. In the absence of gross negligence or willful misconduct with respect to any claim or suit brought by (or other legal remedies available to) the Customer for damages associated with Directory Services, the Company's liability, if any, shall not exceed the monthly charges, if any, for the impacted Directory Services for the affected period. The Company is not liable for damages arising from errors or omissions in the making up or printing of directories or in accepting listings as presented by the Customer.

11.1.4. USE OF SERVICE

- A. LIS is provided in accordance with the regulations and rates in this Tariff, applicable law, and the Company's agreements with other providers, including but not limited to: applicable state or federal law, applicable state or federal regulations, orders issued by regulatory agencies and/or courts of competent jurisdiction, Incumbent Local Exchange Company ("ILEC") interconnection agreements, or similar requirements (collectively "Company Obligations"). To the extent that changes in Company Obligations affect the terms and conditions under which the Company may provide LIS, including being unable to provide LIS at all, the liability of the Company for any such changes shall be subject to the limitation of liability provisions set forth in Sections 11.1.8 and 11.1.9 of this Tariff.

11.1.4. USE OF SERVICE (CONT'D)

- B. The Customer must provide the proper signaling information (e.g., originating Calling Party Number (CPN), destination called party number, Originating Line Information Parameter ("OLIP") on calls to 8XX telephone numbers, calling party category, charge number, Automatic Location Identification (ALI), etc.) for all calls. To the extent that failure to provide Automatic Number Identification (ANI) or other signaling information leads to increased charges from third parties to the Company as a result of the Company Obligations, the Company may recover all such increased charges, as well as the Company's reasonable costs associated with defending against and/or administering such increased charges, from the Customer. If for two months in any twelve month period the Customer sends calls to the Company lacking required signaling information in excess of 5% of all calls during such months, the Company may terminate LIS to the Customer immediately with no liability from the Company to the Customer for such termination.
- C. The Customer shall input, validate and maintain accurate Subscriber information so that the Company can provide such Customer-provided information to applicable national databases, including but not limited to, Automatic Local Identification (ALI) Database, Directory Listing information, Line Information Database (LIDB) and Caller ID with NAME Database (CNAM). The Customer shall deliver to the Company valid service addresses that can be confirmed against the Master Street Address Guide ("MSAG").

- D. The Customer shall not: (1) re-classify or re-originate traffic or take any other action to make traffic appear as if it: (i) is anything other than the type of traffic delivered to such party (including but not limited to making TDM originated traffic appear to be IP originated) or (ii) originated from a place or on a type of equipment different from the place or type of equipment from where it, in fact, originated; or (2) modify, alter or delete in any manner calling party number information, originating point codes or any other signaling information, or call detail in connection with the transport and termination of traffic to the called party. (C)

- E. The Company and the Customer will conduct interoperability testing prior to the Customer's implementing any software or call flow upgrade, enhancement or modification thereto. 11.1.5. TERM AND TERMINATION

LIS is available for an initial term ("Term") of three years following execution of a contract or service order between the Company and the Customer effectuating the provisions of this Tariff, unless earlier terminated as provided herein. The Customer will provide notice of its intent to renew at least 90 days prior to expiration of the Term.
- B. In the event of early termination of service by the Customer before the expiration of the Term, the Company may assess a termination liability equal to 100% of all monthly recurring rates multiplied by the number of months left in the contract. Such early termination charges do not constitute a penalty under this Tariff but are assessed in order for the Company to fully recover costs associated with providing LIS.
- C. Discontinuance of Service for Cause
 - 1. Upon nonpayment of any amounts owing to the Company, the Company may, by giving 24 hours prior written notice to the Customer, discontinue or suspend service without incurring any liability.
 - 2. Upon Customer violation of any of the other material terms or conditions for furnishing service the Company may, by giving 24 hours prior notice in writing to the Customer, discontinue or suspend service without incurring any liability if such violation continues during that period.
 - 3. Upon condemnation of any material portion of the facilities used by the Company to provide service to a Customer or if a casualty renders all or any material portion of such facilities inoperable beyond feasible repair, the Company, by notice to the Customer, may discontinue or suspend service without incurring any liability.
 - 4. Upon the Customer's insolvency, assignment for the benefit of creditors, filing for bankruptcy or reorganization, or failing to discharge an involuntary petition within the time permitted by law, the Company may immediately discontinue or suspend service without incurring any liability.

6. In the event of fraudulent use of services by the Customer or its Subscribers, the Company may without notice immediately suspend or discontinue service. The Customer will be liable for all related costs. The Customer will also be responsible for payment of any reconnection charges. (C)
7. Upon the Company's discontinuance of service to the Customer under this Section, the Company, in addition to all other remedies that may be available to the Company at law or in equity or under any other provision of this Tariff, may declare all future monthly and other charges which would have been payable by the customer during the remainder of the term for which such services would have otherwise been provided to the customer to be immediately due and payable.
8. In the event a Customer's LIS is discontinued for any reason, it is the Customer's responsibility to ensure its affected Subscribers have access to an alternative 911 service.
9. In the event that the Customer's use of LIS in any manner interferes with the quality of service to other carriers or to the Company; causes electrical hazards to the Company's personnel, damage to the Company's equipment or malfunction of the Company's equipment, the Company may immediately discontinue or suspend service without incurring any liability. (C)

11.1.6. SUBSCRIBER ORDERS AND USAGE FORECASTS

- A. The Customer must submit customer order(s) to activate a market(s) and request telephone numbers (each a "market order") in a format that will be provided by the Company and that may be updated from time to time. After doing so, the Customer may submit customer orders to activate Subscribers for use of LIS within a market ("subscriber order").

11.1.7. LOCAL NUMBER PORTABILITY

- A. Porting In. As between the Company and the Customer, the Customer may act as the Company's agent in obtaining Subscriber requests to port a telephone number from a third party provider to the Company so that the Customer may provide interconnected VoIP service to the Subscriber using that ported number. The Customer represents and warrants that it has all necessary rights and authority necessary for any Port-In it requests, will provide copies of letters of authority authorizing the same (or access to recordings of third-party verification of customer ports) upon request and shall indemnify, defend and hold harmless the Company and its affiliates from any third party claim related to or arising out of any Port-In (or request for Port-In). COMPETITIVE LOCAL SERVICE

11. LOCAL INTERCONNECTION SERVICE

11.1. LOCAL INTERCONNECTION SERVICE (CONT'D)

11.1.11. DESCRIPTION OF RATES AND CHARGES

(C)

- A. Facilities and equipment of a type and/or quantity necessary to provide LIS are not available on a ubiquitous basis in the Company's service area(s). To limit the real potential for stranded investment, recurring and nonrecurring charges for Customer-determined service configurations will be developed on a case-by-case basis in response to a bona fide request from a Customer or prospective Customer to develop a competitive bid for service. Charges will be offered to the Customer in writing and on a nondiscriminatory basis.
- B. Charges for service are exclusive of taxes. Except for taxes that the Company must remit directly based on the Company's income, the Customer will be responsible for all taxes that arise in any jurisdiction, including value added, consumption, sales, use, gross receipts, foreign withholding (which will be grossed up) excise, access, bypass, franchise or other taxes, fees, duties, charges or surcharges imposed on or incident to the provision, sale or use of service (whether imposed on the Company or any affiliate of the Company). Such charges may be shown on invoices as cost recovery fees. The Customer may present the Company a valid exemption certificate and the Company will give effect thereto prospectively.
- C. Rates for Interstate and International services associated with LIS are included in the Company's Service Guides posted on the Company's website at www.xfinity.com/tariffs.
