
4. NETWORK SERVICES

4.1. SCHOOLS AND LIBRARIES NETWORK SERVICE

4.1.1. NETWORK SERVICE FOR E-RATE ELIGIBLE INSTITUTIONS

A. General

1. Schools and Libraries Network Service is a high-speed data service that uses point to point T1 circuits for the interconnection of Local Area networks (LANs) across the customer's physical locations. The service delivers connections between customer locations at a T1 (1.5 Mbps) level. In some locations, a channelized T1 service option (described in 4.1.3, following) may be available.
2. Service availability is subject to the availability of Type I (on-net) facilities, as defined below. The Company shall not be required to provide Type II (off-net) facility arrangements, as defined below; provided, however, that in the event the Company chooses to provide Type II arrangements, additional charges shall apply.
 - a. Type I Facilities – Type I facilities are provided where both endpoints of a connection are served by the Company's network (or the network of its affiliates).
 - b. Type II Facilities – Type II facilities are provided where at least one endpoint of a connection is served by the Company's network and the other end-point is served by an entity other than the Company. Such facilities are provided via a combination of the Company's facilities and those of the interconnecting entity. The Company may apply a service charge or mark-up to the rates charged to the Company by the interconnected entity.
3. Schools and Libraries Network Service is exclusively available to primary and secondary educational institutions, corresponding municipal libraries and other "e-rate eligible" institutions. Visit: <http://www.sl.universalservice.org/> for e-rate eligibility criteria.
4. Schools and Libraries Network Service is not available for resale.
5. The terms and conditions set forth in this Section 4 are in addition to the terms and conditions found in the General Regulations section of this Tariff.

4.1.2. POINT-TO-POINT SERVICE

A. Service Description

1. Point-to-Point Schools and Libraries Network Service permits the customer to connect their physically distributed locations as if they were on the same Local Area Network (LAN). This service is provided between designated customer locations within a metropolitan area.

B. Rate and Charge Description

1. Nonrecurring Charges

- a. Facilities and equipment of a type and/or quantity necessary to provide Schools and Libraries Network service are not available on a ubiquitous basis in the Company's service area(s). To limit the real potential for stranded investment, nonrecurring costs will be developed on a case-by-case basis in response to a bona fide request from a customer or prospective customer to develop a competitive bid for service. Charges will be offered to the customer in writing and on a nondiscriminatory basis.
- b. Repair and maintenance of Customer facilities shall be provided on a time and materials basis.

2. Recurring Rates

- a. Schools and Libraries Network Service is offered for the contractual periods and at the rates specified below. Requests for different service configurations, alternative speeds, or for a term not specified in this tariff will be considered on a Special Assembly basis.
- b. A termination liability applies to accounts terminated prior to the fulfillment of the initial contract period. The termination liability shall be equal to the monthly rates applicable for the remaining months of the initial period plus outstanding nonrecurring charges (if any).

4.1.3. CHANNELIZED EXCHANGE SERVICE (CONT'D)

C. Feature Description

The following features are available in connection with Channelized Exchange Service:

- Caller ID Blocking – This feature blocks the display of the customer's name and telephone number to Caller ID display devices on all calls made from the subscribed line. This feature may be de-activated at any time by the customer on a call-by-call basis through the activation of a special code. This feature is provided at no monthly charge to the customer. Per Line Blocking will not prevent the display of originating telephone numbers to 911 emergency service providers.
- Caller ID Name and Number – Caller ID allows the customer to identify the telephone name and number from which a call is being made. The name and telephone number of the person initiating the call is displayed on a customer-provided display device.
- Prohibit Billed to Third Number Calls – Allows a customer to prevent all Billed to Third Number calls from being billed to their telephone number, provided the transmitting operator checks the validation database.
- Prohibit Collect Calls – Allows a customer to prevent all Collect calls from being billed to their telephone number, provided the transmitting operator checks the validation database.
- Toll Blocking – Exchange lines are restricted from direct-dialing billable toll calls. Local directory assistance calls are allowed. Calls placed in violation of the toll restriction are routed to an announcement. This feature does not prevent customers from placing long distance calls utilizing an Operator Services provider that can be reached through the use of a local call.
- 900/976 Blocking – This feature is provided by the Company as the default service option to restrict direct-dialed calls from the customer's access line to all 900 and/or 976 service numbers.

D. Directory Listings

The following Directory Listing options are offered in connection with Channelized Exchange Service.

1. General

- a. The listings of customers are arranged alphabetically and are not intended for special prominence of arrangement. In accepting listings as requested by customers or prospective customers, the Company will not be a party to controversies between customers as a result of the publication of such listings in the directories.
- b. The Company reserves the right to limit the length of any listing to one line in the directory by use of abbreviations when, in its sole judgment, the clearness of the listing and the identification of the customer is not impaired.
- c. The Company is not liable for damages arising from errors or omissions in the making up or printing of directories or in accepting listings as presented by the customer.

2. Primary Listing

- a. The Company will arrange for the customer's main billing number to be placed in the directory of the dominant local exchange carrier at no cost to the customer.

3. Additional Listings

- a. The customer may request numbers in addition to the main billing number be published in the directory, or may request name variations for the main billing number. In such cases, an additional listing charge will apply per listing.

- c. Except as provided above, the customr shall hold the Company harmless for any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of the non-listed number.

E. Directory Assistance and Call Completion

- 1. Directory Assistance Service is furnished upon customer request for assistance in obtaining directory listing information. The Customer will be charged for all requests including requests for listings that are not available or not found. This service may be provided either by an operator or a mechanized response system.
- 2. Directory Assistance charges apply on a per-call basis, with a maximum of three (3) requested telephone numbers allowed per call. Calls to Directory Assistance service will be billed directly to the customer's account. Alternate billing options and operator services are not available.
- 3. Where available, Directory Assistance Call Completion allows a customer calling Directory Assistance the option of having the call completed to the requested number. When a caller requests more than one number from Directory Assistance, Call Completion service is offered only for the last number requested.
- 4. Calls completed through Directory Assistance Call Completion service will be billed directly to the customer's account. Alternate billing options and operator services are not available. Calls completed to non-local numbers will incur applicable usage charges.
