- B. The Company may, without incurring any liability, suspend or discontinue Service with prior written notice of at least ten (10) days, under the following conditions:

If the Customer makes or requests material changes in Service parameters, premises locations, or otherwise materially modifies any provision of the application for Service, the Customer's installation fee shall be adjusted accordingly.

2.5.4. RESTORATION OF SERVICE

If any Customer's Service is restored after having been suspended in accordance with the Tariff but a Company Service order to terminate such Service has not been completed when such Service is restored, the Customer may be required to pay a restoral of Service charge.

If a Service has been suspended or discontinued for nonpayment, Service will be re-established upon receipt of all charges due, or upon arriving at a satisfactory payment arrangement. If the Customer has a history of payments returned for insufficient funds, the Company may require payment by cash, money order or certified check. If such payment is made by personal check, restoral of Service will be effected upon bank clearance of the check.

2.6. PROVISION FOR CERTAIN LOCAL TAXES AND FEES

2.6.1. GENERAL

Any assessments, franchise fees, privilege, license, occupation, excise, or other similar taxes, whether in a lump sum or at a flat rate, or based on receipts, or based on poles, wire or other utility property units, imposed upon the Company by any governmental authority shall be added pro rata, insofar as practical, to the rates and charges stated in the Company's standard schedules, in amounts which in the aggregate for the Company's Customers of any political entity shall be equal to the amount of any such tax upon the Company. Company shall, so long as any such tax or fee is in effect, add to the bills of the Customers in such political entity pro rata on the basis of the revenue or as otherwise required and/or allowed by law derived by Company from each such Customer, an amount sufficient to recover any such tax or fee.

2.6.2. MUNICIPAL FRANCHISE FEES

Residential, non-residential and point-to-point access lines provided pursuant to this Tariff are subject to a municipal franchise fee as established for the city in which the end user of the access lines is located. Effective with the charges billed on or after March 1, 2000, the monthly recurring municipal franchise fee charge will be equal to or less than a monthly amount developed using criteria as recommended by your local municipality with information supplied by this local certificated telecommunications provider (CTP). The fee may be assessed as a per-line-charge on the end user bill. This municipal charge results from implementation of House Bill 1777 - Telecommunications Franchise Law which allows all municipalities to be compensated by CTPs for right-of-way usage. The fee has been developed and/or allocated across rate classifications according to local municipal guidelines.

2.6.3. TEXAS UNIVERSAL SERVICE FUND (TUSF) CHARGE

Charges for Local Exchange Services provided pursuant to this Tariff are subject to a Texas Universal Service Fund (TUSF) Surcharge.

Effective with charges billed on or after March 1, 2015, the monthly recurring TUSF Surcharge will be equal to 3.3% of the Customer's total intrastate charges, after the application of eligible discounts and credits, for calls which originate and terminate in Texas, and are billed in Texas.

2.8. SPECIAL CONSTRUCTION

Subject to the agreement of the Company and to all of the regulations contained in this Tariff, special construction of facilities may be undertaken on a reasonable effort basis at the request of the Customer. Special construction is construction undertaken:

- where facilities are not presently available, and there is no other requirement for the facilities so constructed; or
- of a type other than that which the Company would “normally” utilize in the furnishing of its Services; or
- over a route other than that which the Company would normally utilize in the furnishing of its Services; or
