7. LOCAL INTERCONNECTION SERVICE

7.1. LOCAL INTERCONNECTION SERVICE

7.1.1. GENERAL

- A. Subject to the terms set forth in Section 7.1.4, following, this Tariff provides an overview of Local Interconnection Service (“LIS”) and the terms and conditions under which LIS is offered.
- B. Facilities and equipment of a type and/or quantity necessary to provide LIS are not available on a ubiquitous basis in the Company’s service area(s). To limit the real potential for stranded investment, recurring and nonrecurring costs will be developed on a case-by-case basis in response to a bona fide request from a Customer or prospective Customer to develop a competitive bid for service. Charges will be offered to the Customer in writing and on a nondiscriminatory basis.
- C. Upon receipt of a bona fide request for LIS from a Customer, the Company will negotiate in good faith with the Customer to enter into an agreement that effectuates the terms and conditions set forth in this Tariff.
- D. LIS is available to Customers for resale to retail Subscribers.
- E. The Customer must comply with all applicable FCC regulations governing the provision of interconnected Voice over Internet Protocol (“VoIP”) service. In addition, it is the Customer’s sole responsibility to comply with all applicable laws and regulatory requirements.
- F. LIS does not support “nomadic” VoIP services. As provided elsewhere in this Tariff, the Customer must provide its services to Subscribers at a fixed service address.
- G. The terms and conditions set forth in this Section are in addition to the terms and conditions found in the General Regulations section of this Tariff.

7. LOCAL INTERCONNECTION SERVICE

7.1. LOCAL INTERCONNECTION SERVICE (CONT'D)

7.1.2. DEFINITIONS

- A. "Company" means an affiliate of Comcast that is a Competitive Local Exchange Carrier (CLEC) certificated by the applicable state regulatory commission to offer telecommunications services in the state in which the Customer requests LIS.
- B. "Customer" means the provider of retail interconnected VoIP service, as defined in 47 C.F.R. § 9.3, that purchases LIS from the Company in order to serve its own customers, which are the Subscribers to the interconnected VoIP service provided by the Customer.
- C. "Subscriber" means the interconnected VoIP end-user customer of the Customer.

7.1.3. DESCRIPTION OF SERVICE

- A. LIS provides a connection between a Customer's facilities and the public switched telephone network, and related services described herein. In order to make use of the Company's LIS, the Customer's facilities must consist of an IP-based, broadband network that uses a Cable Modem Termination System (CMTS) employing the Network-based Call Signaling specified by Cable Television Laboratories, Inc. (CableLabs®). LIS does not support Customers providing services to Subscribers that operate using a different format.
- B. The IP-based, broadband connecting facility between Customer and Subscribers, the CMTS, the soft switch, the connecting facilities to the Company's media gateway, and all customer premises equipment must be provided by the Customer or its Subscribers and is not included as part of LIS. The Company will only accept and deliver traffic in time division multiplex ("TDM") protocol.
- C. LIS is available to Customers where suitable facilities exist, are technologically available, and are operationally and economically feasible.
- D. LIS provides standard 10-digit telephone numbers with associated two-way statewide local exchange telecommunications service to permit Customers to provide interconnected VoIP service to the Customer's Subscribers. Where available in a service territory, LIS may also include support for the provision of 911 capability, telecommunications relay services (711), Toll, and Directory Listings. Operator Services and Directory Assistance are not included in LIS. LIS does not support calling to 976 or similar exchanges or to calls to the 900 Service access code.

7. LOCAL INTERCONNECTION SERVICE

7.1. LOCAL INTERCONNECTION SERVICE (CONT'D)

7.1.4. USE OF SERVICE

- A. LIS is provided in accordance with the regulations and rates in this Tariff, applicable law, and the Company's agreements with other providers, including but not limited to: applicable state or federal law, applicable state or federal regulations, orders issued by regulatory agencies and/or courts of competent jurisdiction, Incumbent Local Exchange Company ("ILEC") interconnection agreements, or similar requirements (collectively "Company Obligations"). To the extent that changes in Company Obligations affect the terms and conditions under which the Company may provide LIS, including being unable to provide LIS at all, the liability of the Company for any such changes shall be subject to the limitation of liability provisions set forth in Sections 7.1.8 and 7.1.9 of this Tariff.
1. The Customer shall, at its sole cost, be responsible for providing all equipment software, facilities and IP connectivity (including connectivity to Subscribers) necessary for the Customer to provide interconnected VoIP service to its Subscribers.
 - a. The Customer must provide the proper signaling information (e.g., originating Calling Party Number (CPN) (a/k/a Automatic Number Identification (ANI), destination called party number, Originating Line Information Parameter ("OLIP") on calls to 8XX telephone numbers, calling party category, charge number, Automatic Location Identification (ALI), etc.) for all calls. To the extent that failure to provide ANI or other signaling information leads to increased charges from third parties to the Company as a result of the Company Obligations, the Company may recover all such increased charges, as well as the Company's reasonable costs associated with defending against and/or administering such increased charges, from the Customer. If for two months in any twelve month period the Customer sends calls to the Company lacking required signaling information in excess of 5% of all calls during such months, the Company may terminate LIS to the Customer immediately with no liability from the Company to the Customer for such termination.
 - b. The Customer shall input, validate and maintain accurate Subscriber information so that the Company can provide such Customer-provided information to applicable national databases, including but not limited to, Automatic Local Identification (ALI) Database, Directory Listing information, Line Information Database (LIDB) and Caller ID with NAME Database (CNAM). The Customer shall deliver to the Company valid postal addresses that can be confirmed against the Master Street Address Guide ("MSAG").

7. LOCAL INTERCONNECTION SERVICE

7.1. LOCAL INTERCONNECTION SERVICE (CONT'D)

7.1.4. USE OF SERVICE (CONT'D)

A.1.(Cont'd)

- c. The Customer shall not: (1) re-classify or re-originate traffic or take any other action to make traffic appear as if it: (i) is anything other than the type of traffic delivered to such party (including but not limited to making TDM originated traffic appear to be IP originated) or (ii) originated from a place or on a type of equipment different from the place or type of equipment from where it, in fact, originated; or (2) modify, alter or delete in any manner calling party number information, originating point codes or any other signaling information, or call detail in connection with the transport and termination of traffic to the called party.
- d. Based on the Company Obligations, LIS service is limited to Subscribers physically located in areas served by the Company within the states/locations identified in Section 7.1.11. The Customer shall in all cases assign telephone numbers to Subscribers based on the Subscribers' locations and fully in accordance with NANPA guidelines associating NPA-NXX codes with particular exchange areas. LIS under this Tariff is not to be used with any "virtual numbering" or foreign-exchange-like arrangements. Any such arrangements must be separately identified and negotiated between the Company and the Customer and will be established, if at all, only on an "individual case basis."
- e. The Company and the Customer will conduct interoperability testing prior to the Customer's implementing any software or call flow upgrade, enhancement or modification thereto. All special configurations are subject to the Company's approval. The Company may terminate (without liability) LIS where proper interoperability testing has not been completed.

7. LOCAL INTERCONNECTION SERVICE

7.1. LOCAL INTERCONNECTION SERVICE (CONT'D)

7.1.5. TERM AND TERMINATION (CONT'D)

C. Discontinuance of Service for Cause (Cont'd)

5. Upon any governmental prohibition or required alteration of the services to be provided or any violation of an applicable law or regulation, the Company may immediately discontinue service without incurring any liability.
6. In the event of fraudulent use of the Company's network, the Company may without notice immediately suspend or discontinue service. The Customer will be liable for all related costs. The Customer will also be responsible for payment of any reconnection charges.
7. Upon the Company's discontinuance of service to the Customer under this Section, the Company, in addition to all other remedies that may be available to the Company at law or in equity or under any other provision of this Tariff, may declare all future monthly and other charges which would have been payable by the customer during the remainder of the term for which such services would have otherwise been provided to the customer to be immediately due and payable.
8. In the event a Customer's LIS is discontinued for any reason, it is the Customer's responsibility to ensure its affected Subscribers have access to an alternative 911 service.

7.1.6. SUBSCRIBER ORDERS AND USAGE FORECASTS

- A. The Customer must submit customer order(s) to activate a market(s) and request telephone numbers (each a "market order") in a format that will be provided by the Company and that may be updated from time to time. After doing so, the Customer may submit customer orders to activate Subscribers for use of LIS within a market ("subscriber order").
- B. The Customer will provide the Company with a non-binding forecast setting forth the Customer's estimated usage by market or local calling area and anticipated Local Number Portability ("LNP") requests for the next 12 month period, which shall be updated on a calendar quarter basis thereafter.
- C. The Customer may use other common carriers in addition to or in lieu of the Company.

7. LOCAL INTERCONNECTION SERVICE

7.1. LOCAL INTERCONNECTION SERVICE (CONT'D)

7.1.7. LOCAL NUMBER PORTABILITY

- A. Porting In. As between the Company and the Customer, the Customer may act as the Company's agent in obtaining Subscriber requests to port a telephone number from a third party telecommunications provider to the Company so that the Customer may provide interconnected VoIP service to the Subscriber using that ported number. The Customer represents and warrants that it has all necessary rights and authority necessary for any Port-In it requests, will provide copies of letters of authority authorizing the same (or access to recordings of third-party verification of customer ports) upon request and shall indemnify, defend and hold harmless the Company and its affiliates from any third party claim related to or arising out of any Port-In (or request for Port-In). The Customer shall not request a Port-In in any situation that does not meet the definition of "number portability" contained at 47 C.F.R. § 52.21(m).
- B. Porting Out. The Company shall honor requests received from third-party providers of telephone exchange service to port to such a provider a telephone number currently assigned to a Subscriber ("Port-Out"). Prior notice of Port-Outs will not be provided. The Company will support such third-party Port-Out requests in accordance with the Company's standard operating procedures.

7.1.8. EMERGENCY 911 SERVICE

- A. Subject to technical limitations which may vary from market location to market location, the Company may offer 911 Services as part of LIS, subject to the limitations stated herein.
- B. The Customer shall ensure that a Subscriber does not use LIS from a location different from the Subscriber's address and shall further ensure that telephone numbers are assigned to Subscribers whose primary address is within the rate center (as defined by the incumbent local exchange carrier) associated with such telephone number.

7. LOCAL INTERCONNECTION SERVICE

7.1. LOCAL INTERCONNECTION SERVICE (CONT'D)

7.1.8. EMERGENCY 911 SERVICE (CONT'D)

- D. 911 Services may not function correctly until correct and valid address information has been input into the appropriate database(s), which may occur after initial service activation.
- E. The Customer's agreements with Subscribers shall contain the following: (i) an explanation of the limitations on the functionality of 911 Services, including those set forth in Section 7.1.8.C, which the Company may supplement from time to time; and (ii) a release in favor of the Customer and the Company relating to claims arising out of the failure of 911 Services to function properly for the reasons set forth in this Section.
- F. LIMITATION OF LIABILITY. IN ADDITION TO THE GENERAL LIMITATION OF LIABILITY SET FORTH IN SECTION 7.1.9 OF THIS TARIFF, NEITHER THE COMPANY, ITS AFFILIATES, SUBSIDIARIES, OFFICERS OR EMPLOYEES SHALL BE LIABLE TO CUSTOMER, SUBSCRIBER OR ANY THIRD PARTY FOR ANY DIRECT, SPECIAL, INCIDENTAL, INDIRECT, PUNITIVE OR CONSEQUENTIAL COSTS, DAMAGES OR LIABILITIES, INCLUDING DAMAGE TO GOOD WILL, ECONOMIC LOSS, LOST PROFITS, OR OTHERWISE, REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT OR TORT (INCLUDING STRICT LIABILITY), WHETHER FORESEEN OR FORESEEABLE, ARISING FROM THE COMPANY'S PROVISION OR FAILURE TO PROVIDE 911 SERVICES.

7.1.12. DESCRIPTION OF RATES AND CHARGES

- A. Facilities and equipment of a type and/or quantity necessary to provide LIS are not available on a ubiquitous basis in the Company's service area(s). To limit the real potential for stranded investment, recurring and nonrecurring charges for Customer-determined service configurations will be developed on a case-by-case basis in response to a bona fide request from a Customer or prospective Customer to develop a competitive bid for service. Charges will be offered to the Customer in writing and on a nondiscriminatory basis.
- B. Charges for service are exclusive of taxes. Except for taxes that the Company must remit directly based on the Company's income, the Customer will be responsible for all taxes that arise in any jurisdiction, including value added, consumption, sales, use, gross receipts, foreign withholding (which will be grossed up) excise, access, bypass, franchise or other taxes, fees, duties, charges or surcharges imposed on or incident to the provision, sale or use of service (whether imposed on the Company or any affiliate of the Company). Such charges may be shown on invoices as cost recovery fees. The Customer may present the Company a valid exemption certificate and the Company will give effect thereto prospectively.
- C. Rates for Interstate and International services associated with LIS are included in the Company's Service Guides posted on the Company's website at www.comcast.com/tariffs.
- D. Add or Change Charge – The customer will be assessed a charge for any add or change of a Company service as defined below.
